2025

Happy August! Summer is half way gone, and fall is right around the corner.

A huge shout out, to our friends Dan and Jeanette Tew. They are leaving YVE and California. They are going home to Minnesota. you will be missed; they were the best employees, and best friends. Dan worked here for 10 years, putting his heart and soul into this job. The 3 of us worked as a team on the pool and everything else. The pool is beautiful because of the hard work the three of us put into it. I will be taking over the pool for Jeanette. Dave Mathews will be doing the waste water plant. As of yet, I have no word on who will be taking Dan's place. We have an ad out on the internet. Please be patient there will be no compost runs at least for now.

We have been very fortunate with the cooler temps we have been experiencing. However, summer is not over and it's going to start heating up. Please if your AC is not working good or at all please come up to the clubhouse. We have a cooler, Direct TV, kitchen and of course the pool.

I am going to have to push our pool party back until Sept. 13th at 5PM. We will BBQ, hot dogs, burgers, and Beyond burgers, drinks, i.e. Soda, water, I will provide the jello shots, otherwise it is BYOB. Please think about a dish you can bring. It will be a fun party!

We have a resident here who is trying to rent out a room. He has a sandwich sign at the gate, and someone keeps turning it over. Please leave the sign alone. Please quit turning it over. Its unacceptable

I walk to work and I am still finding cigarette butts in the street, please if you're walking your dog, do not throw your butts down on the ground. Also, please pick up your dogs poop when walking. It's not right that someone else has to clean up your dogs mess.

The YARTS bus is a very fun and affordable way to visit Yosemite. I highly recommend it, having done it myself. For seniors it is \$14 round trip and it comes at 2 different times in the day at

Mary Laveroni Park downtown. You can go online to WWW.YARTS.com and make your reservations. its' the best way to see Yosemite.

Please be careful driving. We are in full swing of Deer/fawn season. They blend in so just don't speed and always keep your eyes open. we don't want any Momma's or babies getting hit by a car. Please slow down.
