

# Yosemite Vista Estates

## 2025 Newsletter

May- Spring has finally arrived on the mountain. If you're like me, I'm not ready for summer heat, but thank goodness we have a delightful new pool to cool off in. The YARTS bus starts in May, so there is always beautiful Yosemite to go to; the falls are spectacular this time of year!

May 11 is Mothers Day, happy Mom's day to all Moms', Grandmothers, Fur baby Mom's, and all women including LGBTQ. Ladies, straighten those crowns, we are Queens for the day! Just a phone from a loved one means everything. Better than any gift. Another important holiday in May is Memorial Day, on Monday May 26, 2025. A day we honor to those who gave everything. They are heroes and true Patriots who made the ultimate sacrifice.

There is absolutely no dumping allowed in the field behind the clubhouse, on top of burn piles anymore. Don did a burn and people were throwing garbage bags of trash, pallets. He said no more dumping. Make your piles bagged or tree trimming bundled with twine. Dan will take it to the compost pile. He will not pick up non- bagged messes, bags with garbage, or tree branches that are not bundled for easy pick up.

Please remember renters must pay their landlords and the landlords will pay us. The Board voted on this so we don't have any more delinquent accounts. This is better for everyone and allows the landlord to handle their own renter accounts.

It's the time of year to tidy our lots up. Weed eating is a must, we have a number of empty houses for sale, and when those houses get sold, then all of our property values go up. If you need help weed eating both Patrick and Dan do weed eating jobs on the side. Contact the office.

We have installed security cameras inside the Club house and also in the pool area. Last year someone shoved a screwdriver into the lock on the door going out to the pool area. The cost to repair that glass door was \$350. Someone also poured what looked like something black and gooey into the pool. We have also had problems here at the club house with unauthorized use. Security cameras should prevent this.

It's time to start planning YVE first ever pool party/BBQ this summer, sometime in July. We can eat and drink around our beautiful pool which is gorgeous at night with the lights on. I need a committee to help me plan this. There will be more to come about this. It would also, be fun to plan a trip to Yosemite on the YARTS bus.

Tangled Heart Bakery and Café are now open. The Bakery hours are Thursday – Monday 7AM to 1PM. The Café hours are everyday from 7:30am to 8pm. Both have exciting new menus!

*"A mother is she who can take the place of all others but whose place no one else can take."*

Cardinall Mermillod

*"Those who have long enjoyed such privileges as we enjoy forget in time that men have died to win them."*

Franklin D. Roosevelt

*"The earth laughs in flowers."*

Ralph Waldo Emerson

*"Yosemite Valley, to me, is always a sunrise, a glitter of green and golden wonder in a vast edifice of stone and space."*

Ansel Adams
