July 2025

Summer has finally arrived, along with that comes the headache and constant worry about fire. We are in full force fire season now. Please, if you smoke cigarettes, do not throw down your cigarette butts. We continue to find butts lying in the street and also around the pool. The Pool area should be a smoke free zone, and signs will be posted. Only 88 more days until Fall.

On the 3rd Friday of every month, the church on Ferretti Rd by the Resilience Center, (sorry I don't know the name of it) hands out free groceries to low income folks. Grocery store trips are so expensive. Please don't go hungry! I also have pantry items up here in the clubhouse, Donnas' Pantry. It's all free!

Weed eating, we are in full force and if any property owner doesn't get their weed eating done, then YVE will send someone to do it, and you're liable for the bill.

The heat is here. I want to repost this. If your AC doesn't work or having problems with it, please do not sit in a hot house. Come up to our clubhouse, we have AC, Direct TV, pool table, a kitchen, swimming pool. As long as we have power, It's our own cooling center. Just please don't forget to turn off the AC when you leave. Don't sit in a hot house!

We had a bear come through here a couple of weeks ago. This guy was just passing through here. They are looking for food because they are hungry after their winter naps. They don't want anything to do with us. They are awesome creatures and all you have to do is get 2 pans and bang them together to scare them off. This is their home- the forest. I would suggest at night you leave your cats and dogs inside. There are Coyotes, maybe a big cat running here at night.

We are having a water problem right now. You have been told to boil your water. For now keep boiling, someone will call you when the water is ok. Don is working on it.

"This community has fought and continues to fight a war of acceptance, a war of tolerance and the most relentless bravery."

Lady Gaga

"We can disagree and still love each other unless your disagreement is rooted in oppression and denial of humanity."

James Baldwin

"And so with the sunshine and the great bursts of leaves growing on the trees...I had that familiar conviction that life was beginning over again with the Summer."

F. Scott Fitzgerald; *The Great Gatsby*
